

My whole life for you

Compositor: Yvan Esmanne- Author: Melanie Georges & Yvan Esmanne

*When I first kissed your face Covered with lace
I did not know You'd be the only one to glow
I'd give my whole life for you
I'd give my whole life for you
You became my shining star the time of peace ending my war
You built me a brand new world, you're the madness I can afford
I'd give my whole life for you
I'd give my whole life for you*

*When I felt so lost .Pieces of me fading to dust
You brought me back. Then you patiently fill the lack
So I'd give my whole life for you
I'd give my whole life for you
There'll never be no other one, I made you queen of my crown
I spend my time thinking of you and everything we have been through
I'd give my whole life for you
I'd give my whole life for you*

*I'd give my whole life for you
I'd give my whole life for you*

*Since I first looked at you There is nothing I wouldn't do
To keep your heart I would even take a new start
I'd give my whole life for you
I'd give my whole life for you*

*I will never be able to love anyone like I love you
But if I'm wrong and if you go, I'll never overcome my sorrow*

*I'd give my whole life for you
I'd give my whole life for you
I'd give my whole life for you*
